Mayor

Jim Hollenbeck

Commissioners

Bobby Kaminski, Gary Lewey, Nate Schaefer, Jim Buckingham

City Clerk Lesley Hart,

Deputy City Clerk Catherine Strottner,

Treasurer Cheryl Gray

Positive Results

Ten homes have been rehabilitated and as part of the 450K Housing Rehabilitation Grant. The city is applying for another grant this summer in hopes of rehabilitating another section of town.

What's Ahead

The city has secured 5.3 million dollars in financing of the Water and Sewer project to Interstate 80. Plans are for the city to seek bids next month. The city has annexed the old Taco Time property and the developer has plans for a truck stop and restaurant.

The trees have been removed at the site of the new boat launch on East Broadway Street and the plans are being finalized. We should be taking bids on that project which is financed by TIF 1 by the end of the month.

The city is scheduled to take bids on the Main and Broadway intersection realignment project in June. Majority of this project is being paid for by the federal highway administration.

From the Mayor's Desk

Dear Marseilles Residents,

As summer approaches and we anxiously look forward to the many projects we have going on I am pleased to report that the city was awarded 438k by the Department of Commerce and Economic Development to perform much needed work on the sanitary sewer system on East Bluff, and Union Streets. Residents within this area have sustained sewer backups in their basements during torrential rains because of the rainwater infiltrating the sanitary sewer system. Sewers in this area and the service connections will be lined and where the sewer crosses Gumm Creek it is misaligned and has severe obstructions. These two locations will be totally replaced and encased in concrete.

As we move through the year, we will continue to update you on events and community news. You can find these updates on our Facebook page, City of Marseilles Illinois or on our website, www.cityofmarseilles.com.

Sincerely, Mayor Hollenbeck
