Positive Results

What's Ahead

The city is moving forward with the Main and Commercial Street intersection realignment project. This will be a great beginning for the Main Street rehabilitation plans. The city has applied for a grant to assist in the renovation of the downtown area. The city has also applied for a 2nd round of Housing Rehabilitation Grants for residents with low to moderate income

From the Mayor's Desk

Dear Marseilles Residents,

As the year draws to a close city officials are already looking forward to next year.

The I-80 Water and Sewer construction is continuing thanks to decent weather. The City has two grants applied for and we anticipate, hopefully, positive notifications come spring.

The boat launch has been completed and the city is planning an official groundbreaking come spring. We want to wish you a very Merry Christmas and a Safe, Happy New Year.

You can find these updates on our Facebook page, City of Marseilles Illinois or on our website, www.cityofmarseilles.com.

Sincerely, Mayor Hollenbeck
