

THE COUNCIL CORNER

Mayor

Jim Hollenbeck

Commissioners

Bobby Kaminski, Gary Lewey, Nate Schaefer, Jim Buckingham

City Clerk Lesley Hart

Deputy City Clerk Catherine Strottner

Treasurer Cheryl Gray

Positive Results

PPI has been working on lining the sanitary sewers on east bluff street to stop rainwater infiltration and reduce sewer backups into basements.

What's Ahead

We are still patiently waiting for approval from Springfield to move forward with the Housing Rehabilitation Grant.

City has put in for three grants. Broadway Park Renovation & Splash Pad, Main Street Revitalization, and a Brownfield Grant to address Nabisco and Washington School.

On behalf of the Mayor and City Council; We wish everyone a Happy Thanksgiving. Be safe and please don't drink and drive.

Have you had your furnace checked for winter? Change the filter. Smoke Detectors working and batteries changed if you don't have the 10-year ones.

From the Mayor's Desk

Dear Marseilles Residents,

As we approach the end of the year, I am proud to reflect on our progress. The new Municipal Boat Launch is completed and being utilized. Work is progressing on the I-80 water and sewer extension. Pressure booster and sewage life station have been installed and water lines have been charged. Residents and businesses should be able to connect soon. The realignment of Main and Commercial is almost completed. All pavement and curbing have been poured. Weather permitting, the sidewalks will be done as well as the new wearing surface on the raceway bridge. If all goes well traffic will soon be back to normal.

We are looking forward to next year as we continue to move our city forward. "FOCUSED ON OUR FUTURE"

Please follow our Facebook page, City of Marseilles Illinois or on our website, www.cityofmarseilles.com. For continuing information.

Sincerely, Mayor Hollenbeck

Marseilles Tourism and Park Committee & City of Marseilles

KEEP THEM CLEAR

If there's a fire hydrant near your house, do your part to keep it accessible this winter:

CLEAR-AWAY ZONE
Remove any snow and ice
Clear a wide enough perimeter around the hydrant for firefighters to work (about 3 feet)
Clear a path from hydrant to street
