Sponsored by the Marseilles Tourism & Park Committee
For info or to join call: 815-993-2408

From the Mayor's Desk

Dear Marseilles Residents,

We have said goodbye to 2022 and I am looking forward to 2023. As I do every year I have been reflecting on this past year. The community boat launch was completed. The city obtained another 450k Housing Rehabilitation Grant for low to moderate income families. Main, Broadway, & Commercial Street Road project was completed as well as the water sewer extension to I-80.

As we stay focused on our future we have many things we are looking forward to in 2023. We have been finally given the go ahead for the grant we received to construct sidewalks on Rutland Street up to the Medical Center and up Bratton Avenue to 10th Street. We have grant applications to renovate Broadway Park and have a splash pad for the kids, and Main Street Revitalization. A TARP application to resurface Commercial Street. We have our Brownfield application in to address any environmental issues with Washington School and Nabisco building

I am very fortunate to have a good team at city hall that has fully supported moving our city forward. My thanks to Commissioners Buckingham, Kaminski, Lewey, & Schaefer, City Engineer Etscheid, and Department heads and staff. As they say, many hands make light work. I am honored to serve as your mayor. I'm honored to serve in law enforcement and as Deputy Chief of our fire district. I'm grateful for family and friends. I'm confident that we will continue to work together. Continue to celebrate together. I wish us a healthy, happy, and safe new year. Mayor Jim Hollenbeck

VOLUNTEERS NEEDED

The MCMA Community Center is looking for volunteers to help us with our growing after school program.
