What's Ahead

From the Mayor's Desk

Dear Marseilles Residents,

2023 is starting out to be a good year. On February 3rd I was notified of the following: "The Illinois Department of Transportation is please to inform you that your project has been selected for fiscal year 2024 Track Access Route Program (TARP) funding". The project will be repaving Commercial Street from Sycamore to Main Streets.

The Marseilles ESDA Is looking to host a Tornado Awareness Program at the Marseilles Fire Department on Saturday April 29th. From 8am to 5pm. If anyone is interested in attending or wishes to join the Marseilles ESDA please contact Director Nate Schaefer or leave you name and phone number at city hall; You can also email me as well at marseillesmayor@mtco.com.

The I-80 water and sewer extension is totally done. Gasvoda is working this week getting the water pressure pump and sewage lift station programmed. One person is already connected, and another is in the process.

I would ask residents to consider donating to the Marseilles Nursing Service, one of its kind in the state that is always there to help our residents free of charge. Donations can be sent to the Nursing Service, dropped off at OSB Bank or city hall.

Mayor Jim Hollenbeck
