FREEDOM OF INFORMATION REQUEST FORM

DATE: 10-14-2025

All emails, texts or other city records pertaining to an ordinance 1883 amending chapter 132. To help you locate and narrow down the public records requested I have enclosed a screenshot of the city issued news letter stating that the amendment was tabled, so all city records related to the verbiage in the proposed amendment, who decided to table it and why and all other city records relating to this amendment

I have also included a FOIA request response from last year when the mayor tried to get this same ordinance amended, and was tabled at the advice of the city lawyers.

Digital records are preferred when possible
